

Mark Nilson

Senior Project Manager

Mark has worked in foodservice design and consulting since 2009. His experience includes work in various industries including gaming, K-12, healthcare, and corporate projects. Nilson is responsible for project AutoCAD and Revit drawing work including plans, elevations, mechanical & electrical plans and schedules, special condition plans, and review of shop drawings. Mark assists in ongoing coordination with architects, engineers, and code officials through construction and final inspection.
