

Shelby Wurscher

Project Manager

Since 2010, Wurscher has been instrumental in helping the team at Rippe Associates become proficient in Revit. Combining her previous architectural experience and dedication have been essential in coordinating the office transition from AutoCAD to Revit. Her involvement includes work in various industries including casinos, hotels, and corporate projects. Wurscher is responsible for developing complete Revit drawings and ongoing coordination with architects, engineers, and code officials from design through construction and final inspection.
