

# AMY FICK

SENIOR PROJECT MANAGER

## RIPPE ASSOCIATES

FOODSERVICE DESIGN + CONSULTING

Amy has worked in foodservice facilities planning since 1997. During her time with Rippe Associates, she has worked on a variety of project types across various industries; including higher education, K-12 schools, and healthcare. Amy manages the project schedule, oversees drawing preparation, coordinates work with the architects and engineers, and follows project design through construction coordination to final inspection. Amy is an integral part of internal education for Rippe as she attends many industry conferences and seminars, she enthusiastically updates colleagues with information to educate and enhance their knowledge, as well as her own.
