

CASINO DEL SOL HOTEL
TUCSON, AZ

This \$130 million expansion added a 215-room hotel with three restaurants, four bars, a pool deck, an 800-seat event center, and warehouse. The restaurants include the new 250-seat Festa Buffet featuring Italian, Asian and Southwest favorites as well as salads and desserts.

The central production kitchen, which comprises a bakery and a butcher shop, serves the buffet as well as the event center. The PY Steakhouse, which seats 100 people, serves steak and seafood, as well as exquisite wines, which are displayed throughout the bar and private dining room. The bar serves the steakhouse and is also convenient to the gaming floor.

An Del Sol is a partnership with Mr. An, a local restaurateur, and offers sushi as well as other favorites and includes a bar with signature cocktails. The Prema Lobby Bar offers a quiet respite for hotel guests, and the Oasis Bar serves the beautiful pool deck and cabanas. Finally, the VIP lounge includes its own bar and a granite buffet that can be made hot and cold with the flip of a switch.
