Upon joining Rippe Associates in 2010, Shelby has been instrumental in helping the team transition from AutoCAD to becoming proficient in Revit. Utilizing her previous architectural experience has been essential in her role as Project Manager where she develops Revit drawings, manages ongoing coordination with architects, engineers, and code officials from the very beginning stages to project completion. Shelby has extensive experience in various industries including casinos, hotels, and healthcare projects. She enjoys assisting our clients by advocating their needs while implementing ideas and bringing the project vision to fruition.
