

KAREN A. THOMPSON

PROJECT MANAGER

Karen is a resourceful, meticulous, and adaptable architect, bringing years of experience in AEC team coordination, collaboration, and technical knowledge. Her thorough understanding of critical design projects' needs allows her to extend support for inclusive team collaboration, adeptly resolving conflicts and ensuring projects stay on track.

Throughout her years of experience, Karen has honed her skills with her own independent architectural design consulting services. She excels at client communications to problem-solve projects, providing effective resolutions to diverse issues. Karen's knack for balancing client intent with construction capabilities, supported by strong communication skills and attention to detail, sets her apart in her field and makes her a perfect fit as Project Manager at Rippe Associates.
